

## Engage

We believe God is calling us to stimulate groups of local practitioners to reflect together about how God is at work in their communities.

To that end our team creates spaces for reflective conversations with practitioners and are excited to share with you our first **JMP Resource** for you to use in your own context.

### Discerning God in Mission Resource

This resource provides an opportunity for you to engage both locally and with the the wider JMP community around questions that we are responding to in the Journal.

Use this resource on your own or join with other practitioners to listen and learn together. This could be other area leaders, students in classroom, members of your faith community, a leadership team, not-for-profit team, etc. Be creative!

[Download the Resource](#) and make sure you have subscribed to the Journal (fill in the yellow box to the right) to receive invitations to **upcoming conversations** around what we are learning together about discerning God in mission.
